

Red Engineer Refuses To Talk Today At Arraignment

New York, March 11 (AP)—A Russian engineer accused of espionage today refused to answer questions at his arraignment in federal court and claimed diplomatic immunity.

Valentine A. Gubitchev, the Russian indicted yesterday with Judith Coplon, U. S. Justice Department employee, declared the prosecution against him was "to pursue certain aims."

However, Judge Simon H. Rifkind answered sharply:

"Let the defendant know if he is under the illusion that he is going to be punished without first being convicted by due process of law, he is harboring a mistaken idea."

Continue Bail
The judge continued Gubitchev's \$100,000 bail and declined to accept the statement of the suspended United Nations employee that he did not want counsel.

Rifkind said he would assign a lawyer to represent Gubitchev. He then put off until Monday the pleading on the indictment.

Miss Coplon pleaded innocent to the three counts of the espionage indictment in which she is named. Her trial was set for April 1.

The judge declined the government's request that the \$20,000 bail for the Brooklyn-born girl be increased to \$50,000. Gubitchev and Miss Coplon were accused by the grand jury yesterday of conspiracy to pass to a "foreign power" U. S. defense and intelligence data.

They met this morning for the first time since they were seized together last Friday night by FBI agents after a cloak-and-dagger chase through Manhattan streets. Miss Coplon gave no sign that she noticed the Russian as she stepped into a van in which both were driven to federal court.

13 SCOUTS ARE GIVEN BADGES AT INVESTITURE

Thirteen members of Boy Scout Troop 78 received badges signifying completion of scout tests at an investiture service held in the troop's quarters, to the rear of West High street, Thursday evening.

Six of the scouts, Dennis Unks, Dale Kane, William Baggot, Jack Knox, Charles Hemler and Kenneth Cole, received first class badges for having completed the tests required to reach that rank.

Five received second class badges, Donald Chamberlain, James Coleman, Joseph Bushey, Jack Codori and John Irvin. One tenderfoot badge was presented to Samuel Knox. William Knox was given the masonry merit badge.

Present Patrol Flag

Mothers of most of the scouts were present to pin the badges on their sons during the candlelight ceremony, held before a court of honor comprising Dr. J. Walter Coleman, John Codori, Raymond Unks and Leo McDermitt.

Charles Hemler, scoutmaster for the Catholic troop, presented John Irvin, newly elected patrol leader, with his patrol leader's stripes and then presented to a new patrol for which John Irvin is patrol leader, a cobra flag symbolic of the name of the patrol.

The scouts receiving badges at the service were introduced by Assistant Scoutmaster J. Edward Kerrigan.

Asks Dad's Help

Doctor Coleman welcomed the parents present and told the scouts that "the members of the committee are more than satisfied by the way in which the troop has progressed in recent months." He also added that "We all owe a debt of gratitude to Scoutmaster Hemler and Assistant Scoutmaster Kerrigan for their work. They have shown a devotion to duty in their voluntary work with the troop that far surpasses anything one could ask."

Jack Cessna spoke briefly on the new advancement requirements of scouting. Assistant Scoutmaster Kerrigan asked the fathers of all scouts to participate in such activities as hikes and camps, stating "You will not only enjoy yourself but you will get to know your son as a friend."

PEACH TREE BUD DEVELOPMENT IS ABOVE NORMAL; FEAR FREEZING

As a result of the mild winter, peach tree bud development in Adams county is as much as three weeks ahead of normal schedule, Dr. John Pepper, entomologist from the Pennsylvania State College Agricultural Extension Service, told 145 fruit growers assembled in Biglerville Thursday night.

Fred E. Griest, newly elected member of the executive committee of the National Peach Council, confirmed Dr. Pepper's observation and said that in some sections of the state, trees are as much as five weeks ahead of their normal seasonal development.

Fear Freezing
Unseasonal bud development may halt the application of dormant sprays where these have not already been applied, to peaches, apple and cherry trees, and the danger of loss by late freezing weather is aggravated.

Dr. R. S. Kirby, extension plant pathologist from State college, warned apple growers that warm weather has also advanced the development of scab spores by three weeks, and a close adherence to the spray schedules will be necessary to prevent serious infestation at a later date. "One early spray missed," said Pepper, "may mean half a dozen will be required to control scab later in the season."

Remove "Mummies"
Brown rot looms as the worst threat to the local peach crop, in the opinion of orchardists and scientists; and peach growers were urged to remove all last year's "mummies" from the trees and ground as the most effective control measure that can be taken at this time. Dr. Kirby warned that if brown rot is not checked early in the spring through precautionary measures, it may require three sprays through the pink and bloom stages to combat blossom blight, forerunner of the rot that later appears on the ripening fruit.

The National Peach council estimates that the United States peach crop for 1949 will be 77 million bushels, an increase of ten million over 1948. Pennsylvania produced two million bushels last year. Peach acreage is on the increase, according to statistics gathered by the council, and it is probable that the national yield may go as high as 100 million bushels when present new plantings come into bearing.

AGED COUNTY RESIDENT DIES

Mrs. Martha E. Fissel, 85, lifelong resident of Adams county, died at the home of her son and daughter-in-law, Mr. and Mrs. Emory D. Fissel, Biglerville R. 2, Thursday evening at 7 o'clock. She had been in failing health for three months and was bedfast for the past five weeks.

Dr. C. G. Crist, county coroner, said death was due to a cerebral hemorrhage.

The deceased was a daughter of the late Daniel and Rebecca (Spangler) Lady, of near Mummaburg. Her husband, Amos M. Fissel, died a number of years ago.

Mrs. Fissel is survived by four sons: Ellsworth, of Middletown; Elmer B. of Gettysburg; Emory, with whom she resided and Calvin Fissel of Biglerville; three sisters, Mrs. Sadie Emmert, Illinois; Mrs. Rebecca Carey, Biglerville; Mrs. Rosa Kline, California. Twelve grandchildren and seven great-grandchildren also survive.

Funeral services will be conducted Sunday afternoon at 2 o'clock from the Dugan funeral home, Bendersville, with Rev. Dr. Ralph R. Gresh, pastor of St. James Lutheran church, of which the deceased was a member, officiating. Burial in Greenmount cemetery, Arendtsville.

Friends may call at the Dugan funeral home Saturday evening from 7 until 9 o'clock.

COMPLETES TRAINING

Pvt. Albert W. Kuhn, son of Mr. and Mrs. George E. Kuhn, Gettysburg R. 5, has completed eight weeks of basic training at Camp Pickett, Va., and has been transferred to the Station Medical Detachment, 2164th Area Service Unit, Fort Eustis, Va.

COMMITTEE TO MEET

A meeting of the Memorial Day committee will be held this evening at the arbitration room in the court house, T. J. Winebrenner, chairman, announced.

20 NATIONAL FRAT OFFICERS ARE HERE TODAY

Twenty national fraternity officers are expected to attend Gettysburg college's 14th annual interfraternity week-end which begins this evening at five o'clock with a pledge dinner at Hotel Gettysburg. Dinner conferences are scheduled simultaneously for all the active and alumni fraternity members.

STOLEN PARKING METER IS FOUND

A parking meter, complete with its post, stolen in Gettysburg several weeks ago, was found Thursday lying along side the Lincoln highway about 50 yards west of the West Gettysburg inn. State police of the Gettysburg substation found the meter and reported it to borough police, who brought it to police headquarters. The meter had been broken and coins removed.

ASK COURT TO APPROVE MERGER OF TWO GROUPS

An application to the Adams county court asking permission for the South Mountain Fair Association and the Arendtsville Union Park association to consolidate has been filed with the county prothonotary, by the law firm of Keith, Biglham and Markley, for the incorporators. The matter will possibly be handled by the court at its session Monday, it was learned today.

Lind Approves Of Oleo Bill

Washington, March 11 (AP)—Rep. James F. Lind (D) of York, Pa., and Paul B. Dague (R), Downingtown, Pa., were among members of the House Agriculture committee who approved the no-tax-no-cholesterol oleo-margarine bill.

The bill, by Rep. Granger (D-Utah), was approved by the committee 24-3, yesterday. It would remove all taxes on oleo but would prohibit the interstate sale of the yellow variety.

Lind and Dague said they voted for the Granger bill down the line. Earlier the committee defeated 14-13, a bill by Rep. Poage (D-Tex.) which would have removed oleo taxes and permitted the sale of yellow margarine with safeguards against it being presented as butter.

Dague said he would like to see the question of colored versus uncolored margarine controlled by the states.

Lind declared his motive in voting against yellow margarine was to protect the farmer.

Elias Lutheran Is Planning For Easter

Announcement has been made of the committees who will be in charge of the Easter program to be presented by the Sunday school of Elias Evangelical Lutheran church, Emmitsburg.

M. Luther Kugler and the pastor, the Rev. Phillip Bower, are the general chairman.

The pageant, "Three Gardens," will be directed by Carroll E. Prock, Jr., Mrs. Andrew Eyster, Mrs. Weldon B. Shank, Nancy Beagle and Carolyn McDonnell.

Stage property will be in charge of George McDonnell, Clyde Keilholtz, James Sanders, Sue Hays, Carrie Hahn and James Knox. Costumes will be in charge of Mrs. Robert Gillelan, Mrs. Charles Linn and Mrs. A. W. McClellan, and music, Mrs. M. R. Tate and Betty Hollinger.

Bishop Heistand To Preach Here

A special service Sunday evening will mark the annual visitation of the Bishop of Harrisburg to the Prince of Peace Episcopal church. The service, beginning at 7:30 o'clock, will consist of Evening Prayer and Confirmation. After confirming a class to be presented by the vicar, the Rev. Willis R. Doyle, a sermon will be preached by the Rt. Rev. John Thomas Heistand, Episcopal bishop of the diocese of Harrisburg. The public is invited to attend.

Lind And Myers To Back Library Bill

Congressman James F. Lind and U. S. Senator Francis J. Myers have notified the local Lions club of their support of the Library Demonstration bill and U. S. Senator Edward Martin has announced his intention to give the bill "every possible consideration at the appropriate time," Ralph E. Barley, secretary of the Lions club, said today.

The local club recently adopted a motion backing the bill and asked the secretary to write to the congressman and senators stating the desire of the local group to have the bill passed. All three replied, Lind and Martin by letter and Myers by telegram.

B AND P WOMEN VISIT SEMINARY LIBRARY, CHAPEL

Thirty members of the Business and Professional Women's club, Annie Danner club and guests were conducted through the Seminary library Tuesday night by Dr. Harvey D. Hoover, as a Lenten project of the B. and P. club.

Dr. Hoover told the group the library, which is catalogued according to the Congressional system, is considered one of the best theological libraries in the country, and stated that they owned one page of the Gutenberg Bible, the first Bible ever published, only two copies of which are now in existence, one being in this country in the Congressional library.

He displayed large oil portraits of John A. Hooper, York, a generous contributor to the library, and Dr. S. S. Schmucker who are the age of 26, started the seminary in 1826. The group then went across the avenue to the Church of the Abiding Presence where Dr. Hoover explained the architectural details, the plan and meaning of the windows, the details of the sanctuary and altar, and exhibited to them the priceless paraments which are used at the proper seasons in the chapel.

At the close of the lecture a short service of meditation was held for the group. Kenneth I. Swanson served as acolyte. Mrs. Victor Carlson served as organist and played for her prelude "Agnes Dei" by Bizet. William J. Yingling was the officiant and gave a short talk on the topic "Is It Worth It?"

He stated that Jesus has not promised practical reward to those who serve Him but great spiritual reward is given to those who give their lives to His service. "It is worth it to live a Christian life because it is worth it to Christ to live according to God's plan." Mrs. Garnet Zimmerman sang "Panis Angelicus" by Cesar Franck.

The group then went back to the Y.W.C.A. for hot chocolate and a social hour. The event was planned by Mrs. Willing Yingling. Mrs. William Slee and Mrs. Richard Woolson, wives of seminary and college students, and members of the B. & P. club.

WIDE AREA HIT BY SNOWSTORMS

(By The Associated Press)

Fresh blankets of snow carpeted a wide area of the country today from the Missouri Ozarks to northern New England.

The late winter storm moved into the eastern section yesterday after sweeping across midwest states. Falls measured up to seven inches in parts of Ohio and ranged from seven to nine inches in southeastern and central Indiana.

There were heavy falls along the southern shores of Lakes Erie and Ontario. Cleveland reported six inches; Buffalo, N. Y., five inches, and Erie, Penn., four inches. Falls of six inches were reported in the Pennsylvania mountain areas. Temperatures generally were in the 20's in the snow belt.

Light snow fell over midwest states. Rain pelted an area from Virginia northeastward to Boston.

In northeastern Montana, Yellowstone river floodwaters subsided. Army engineers estimated 6,000 acres were flooded and 40 farm families temporarily homeless by the stream's overflow.

The colder weather helped check the overflow of streams in Nebraska and Iowa but many still were unable to return to their home in the bottom lands.

GRAVEDIGGERS' STRIKE IS ENDED

New York, March 11 (AP) — An eight-week strike of gravediggers at Calvary cemetery in Queens ended today on terms offered by Francis Cardinal Spellman some weeks ago.

The settlement came only two days after the workers had withdrawn from the CIO Food, Tobacco and Agricultural Workers which the cardinal had described as Communist-dominated. They formed a new local affiliated with the AFL Building Service Employees union.

A week ago Cardinal Spellman personally led a group of priests and seminarians from Dunwoodie, N. Y., to bury the dead at Calvary cemetery, a Catholic burial ground. The original force of 100 later was increased to 200 young men to dig graves for the more than 1,000 coffins which accumulated in temporary trenches since the strike began. Only yesterday they began burying the backlog of bodies. Previously they had buried only newly-received cardinals.

Cardinal Spellman said the settlement provided "an eight and one-third per cent increase in basic wages, with the same fringe benefits of the preceding contract."

He said the increase would bring the basic pay to \$64.35 weekly. The union had asked a five-day week at the same \$59.40 rate of pay they had received for six days.

Study Progress At County Laboratory

Progress in the research program being conducted in the laboratory and experimental plots of the South Mountain Fruit Research Laboratory, was studied by a group of fifteen research and extension department heads from the Pennsylvania State college, meeting in Arundelville Wednesday afternoon.

Dr. Fred Lininger, director of the agricultural experiment station of the college, presided. In addition to the research specialists, eight fruit growers, members of the laboratory's advisory committee, were present.

At a brief routine meeting of the board of directors it was announced that all of the \$30,000 in 3 per cent bonds issued to finance the local obligation to the project had been sold.

Scrap Iron Dump Blast Fatal To 13

Brunswick, Germany, March 11 (AP)—An explosion at a British scrap iron dump near here killed 13 workers today and injured 36.

The casualties were Germans and displaced persons, mainly Poles, working at the dump.

The scrap was being cut for export. British officials said the explosion came when a heavy metal ball dropped on heaps of metal castings in order to crush them for convenient handling. The officials conjectured an explosive charge was hidden among the scrap. They said the explosive might have been placed there during the war so German owners could destroy the dump.

The explosion, like that of a mine or bomb, was heard 11 miles away.

DEATHS

Charles H. Richardson

Charles Henry Richardson, 80, Emmitsburg R. 1, died at his home this morning at 4 o'clock from a complication of diseases.

He was a son of the late Joseph and Lidia (Wallace) Richardson and was a member of St. Anthony's Catholic church, Emmitsburg.

His only survivors are a number of nephews and nieces.

Funeral services Monday at 9 a.m. from St. Anthony's church conducted by the Rev. Stanley Scarff, Interment in St. Anthony's Shrine cemetery. Friends may call at the Allison funeral home, Emmitsburg, Sunday evening from 7 to 9 o'clock. The Holy Name society will meet Sunday at 8:15 p.m. for prayers.

Mrs. Cooper Buried

Funeral services for Mrs. C. E. Cooper, a native of Adams county, who died last Sunday in West Elmira, N. Y., were held Wednesday afternoon. She was a daughter of Mrs. Rachel (McBeth) Wetzel, McKnightstown, and the late Abraham Wetzel.

Among those who returned Wednesday evening from the services were R. Bruce Wetzel and Louise Wetzel, McKnightstown; Mrs. Allen Hartman and son, James, Jerre Keefer and daughter, Phyllis, Muncasburg; Mr. and Mrs. Raymond Rex, Mt. Tabor; Mrs. Esta Swisher, Gettysburg R. 3, and Clair Raffensperger, New Bloomfield; Mrs. Keefer, Mrs. Raffensperger and Mrs. May Wetzel, sisters of the deceased, returned today.

Sharks' Love Life Hard To Legislate

San Francisco, March 11 (AP)—The California Legislature was warned today to quit meddling with the love life of a shark.

Two months ago, the lower House issued an order to the state Fish and Game Commission: capture large numbers of soup fin male sharks in northern California waters and take them to the females in southern water.

Today the Commission acquainted the House with these facts of life: "At the time of the year male soup fin sharks are available in northern California the sexually mature females in southern California are practically all pregnant."

"As the male segment of the population has completed its conjugal duties, it should be free to maintain its voluntary misogynous existence without the machinations of men."

That's a \$100 way of saying if the male sharks want to do a little women-hating, let 'em.

Man Serving Life Gives To Red Cross

Harrisburg, March 11 (AP)—The Harrisburg American Red Cross Chapter disclosed today a prisoner serving a life term in a penitentiary near Philadelphia was one of the first contributors to the unit's annual fund campaign.

A veteran of World War I, the prisoner sent a \$50 check accompanied by a letter lauding the Harrisburg chapter for its fine work and especially for its aid to his family. Name of the prisoner was not disclosed.

The chapter spokesman explained that the man's family, including his wife and their six children, has been on the unit's case files for some time and that all their needs are being cared for by the home service unit.

AUTO REGISTRATIONS

Harrisburg, March 11 (AP)—Otto F. Messner, acting revenue secretary, has served warning to Pennsylvania motorists to speed up their motor vehicle registrations. The deadline for renewals is Thursday, March 31. Messner said that although last-minute congestion is inevitable there will be no extension beyond that date. He said the department has only 21 more working days to handle 1,285,762 remaining tags, an average of 61,227 daily.

POSTPONE CC MEETING

The regular meeting of the board of directors of the Chamber of Commerce, scheduled for Monday night, has been postponed until Tuesday night, because of a number of other activities Monday evening.

News Briefs Upper Communities

Philadelphia, March 11 (AP)—Philco Corp. today announced a March promotion program that will permit dealers to reduce the price on some radios and radio-phonographs six to 15 per cent.

A company spokesman said that the "very unusual" reduction of 55 per cent is possible on one model. He declined to elaborate.

Harrisburg, March 11 (AP)—A doubt was raised today over the legality of suspension of 3,000 automobile drivers' licenses during the last two years, James J. Malone, state insurance commissioner, raised the question in connection with the status of a law requiring automobile owners, after July 1, to carry casualty insurance for personal or property damage in event of accidents.

Washington, March 11 (AP)—Two Congressional investigators said today it might be wise to trade leniency for facts from Miss Judith Coplon, the government girl accused of stealing defense secrets.

Rep. Walter (D-Pa.) said: "It would be an excellent idea to promise her leniency in return for information on her activities."

Los Angeles, March 11 (AP)—"I have never smoked a marijuana cigarette in all of my 26 years," said dancer Vicki Evans, friend of Robert Mitchum, and the jury believed her.

The shapely 26-year-old blonde was acquitted yesterday of a charge of conspiracy to possess marijuana the summer night she was arrested with Mitchum and two others in a narcotics raid.

New York, March 11 (AP)—A union threat to tie up New York's two biggest railroad passenger stations added new complications today to a dispute that has snarled railway express shipping here.

A union official said picket lines may be thrown around Pennsylvania and Grand Central stations—a move which he said would halt operations at the two big terminals. No date was set.

Lake Success, March 11 (AP)—A professed Dutch fear of violence and chaos in Indonesia stood out today as the main stumbling-block to restoring the Indonesian Republic to power.

The Security Council was scheduled for another round on the Indonesian case, with several delegates trying to find a way to bring Dutch and Indonesians together.

CATTLE—Fresh receipts at the Union Stock Yards were about normal for a Thursday. Very little difference was noted from the volume received a week ago and a year ago. Supplies for the week to come are fairly heavy. The number received a week ago and about an equal number smaller than the run for the like time in 1948.

Fresh receipts augmented by approximately 200 head held from earlier in the week. The equivalent of 13 loads of slaughter stock, 2 loads of mixed yearlings and about 2 loads of stocker and feeder steers on sale. Balance of the run consisted mainly of cows, thin odd lots of slaughter heifers included.

Trading very desirous and uneven in all divisions throughout the session. Slaughter steers mostly steady to weak, with some lots showing losses in extreme cases. Steer supplies consisted mainly of medium and good grades, 24.50; a few loads and smaller lots of common and low-medium, \$20—22.50. Hardly enough heifers to offer to permit an accurate comparison of prices and the mixed yearlings sorted into steers and heifers when sold. A part load of good 1,200-pound heifers, \$24 odd head and small lot shipments of common to high-medium, \$20—22; odd head canners to \$17.50.

A few cows 50c higher in opening rounds but later dealings mostly on a steady to 50c lower basis. An outstanding individual cow, \$22 and odd head good cows, \$20, but most of the common and medium, \$17—18. Canners and others, \$14.50—16.50, but a few shelly canners, \$13 and below.

Bulls sold on a steady to 50c lower basis. A small lot of choice yearling beef bulls top the day, \$26. Most of the good sausage, \$21—23.50; few common and medium, \$18—20.

The light supply of stocker and feeder steers again met a fairly broad inquiry and ruled mostly steady. Supplies largely odd lots of medium and good grade 600-864-pound stocker and feeder steers, \$22—24.50. A few scattered small lots of good and choice yearling calves, \$22—26.

CALVES—Trading in the calf department extremely dull and prices for the most part declined \$2. Light-weight cull and common and choice vealers met the broadest demand. A few lots of good and choice yearlings, \$24—28, top \$28; common and medium, \$18—24, and odd culls to \$10. A few mixed lots of cull and common, \$16.

HOGS—All weights and grades of hogs met rather slow trade today but salesmen advanced prices \$2c throughout the list. Good and choice 180-220-pound hogs, \$22—23; 225-250-pound hogs, \$21—22; 250-275-pound hogs, \$20—21; 275-300-pound hogs, \$19.75—20; 300-350-pound hogs, \$18.75—19; 350-400-pound hogs, \$17.75—18; 400-450-pound hogs, \$16.75—17; 450-500-pound hogs, \$15.75—16; 500-550-pound hogs, \$14.75—15; 550-600-pound hogs, \$13.75—14; 600-650-pound hogs, \$12.75—13; 650-700-pound hogs, \$11.75—12; 700-750-pound hogs, \$10.75—11; 750-800-pound hogs, \$9.75—10; CONEWAGO VFW IS ADMITTED TO ADAMS CO. LOOP

Conewago VFW of Arendtsville was admitted to the Adams County Baseball league at a meeting of league officials Thursday evening at the American Legion home, Baltimore street.

The Conewago entry replaces McSherrytown which announced its withdrawal.

The league voted to secure umpires from the National Umpires' association for the coming season. W. C. Bender, Harrisburg, president of the Cumberland Valley Umpires' association, attended the meeting and stated that a number of umpires in Adams county belong to the National organization. All county umpires available will be used but if more are needed they may be secured from the Cumberland Valley organization.

Initial games in the league will be played on Saturday, April 23. The number of twilight games was reduced from five to four and will be played in June and July.

The next meeting will be held Thursday evening, March 31, at which time final forfeit money will be posted, by-laws approved and the schedule adopted.

President Maynard Stuckey presided at Thursday's meeting at which all teams, excepting Bendersville, were represented.

SCOTLAND WINS DISTRICT TITLE

Despite the absence of their scoring ace, Red Claypool, who has a severe cold, the Scotland Orphans school cagers topped the District 3, PIAA, Class C title Thursday evening by eking out a 41-40 victory over Wrightsville high in a game played on the new Biglerville high school floor before approximately 1,000 fans.

The Cadets will now meet Copley high, District 1 champion, Saturday at a site to be announced.

Scotland was forced to overcome a 10-5 deficit in the first period and did so by tallying 13 straight points in the second period to assume a 22-12 lead at half time.

In the last three minutes of play Scotland played without Leins and Groshek who had fouled out and Wrightsville tabbed 10 points in a row to reduce the margin to one point just before the game ended.

Letters Awarded School Dribblers

Varsity letters were awarded to members of the Gettysburg high and junior high basketball squads by Fred Hachlen, faculty manager, during the boys' physical education program Wednesday morning.

Warrior varsity players receiving letters were Honorary Captain Bill Eisenhart, Bill Bushman, Richard Denner, Guy Donaldson, Richard Knox, Robert Sachs and Bruce Westerdahl.

The junior high cagers receiving awards include Clyde Cleveland, William Williams, Richard Harriel, Carl Saunders, Clarence Thompson, Richard Trimmer, David Swope and Jack Bream.

DELONE SCRUBS DEFEATED 43-40

The Delone Catholic high reserves, who finished in a three-way tie for first place with York and Harrisburg, in the Harrisburg Diocese race this year, were knocked out by the playoffs for the loop title Thursday evening when York staged a last half rally to win 43-40 on the York Junior college court.

Delone led 26-14 at half time but wilted sadly in the last two periods. York will now meet Harrisburg Catholic next week on a floor in the Harrisburg area.

Boxing Tournament At State College

State College, Pa., March 11 (AP)—The search for a heavyweight championship contender took on a distinctly collegiate tinge today as four husky undergraduates set out to scrap for a title that is as important to them as the crown Joe Louis just relinquished.

The 26th annual Intercollegiate Boxing association tournament, which begins tonight in the Penn State college gymnasium, drew only four heavyweight contestants, but that class was expected to produce about as much action as a dozen other contests in the preliminary round.

The four were Penn State's Chuck Drazenovich, a star blocking back in football who took up boxing a little over a year ago and won the college title in his first season; Bill Kellum, of Army, another football star; Marty Crandell of Syracuse

Today's Talk

By GEORGE MATTHEW ADAMS

THE EXPECTANT MOOD
If we didn't have dreams, think
ahead, and expect the best in life,
we would only have ourselves to
blame for being handed something
for which we wouldn't even think
of bargaining.

There are those that nothing
seems to discourage. If they have a
"knock-down" they immediately
arise. If they lose, it's only a tem-
porary loss. They will over-ride it
somehow. It's this spirit that has
created the best that is in an in-
dividual and a nation. It's the ex-
pectant mood — looking forward to
the thing desired — and expecting
to get it.

There are also those who are fore-
ever prophesying disaster and bad
times. Such people usually get just
what they expect—for themselves,
while wiser ones take advantage of
the breaks and ride ahead to better
things.

If people would only always ex-
pect the best, even though they
might not get it, they would never-
theless be better prepared to face
whatever problem, or evil turn, might
come to them. It's like a nation be-
ing prepared for war, though hating
it and not wanting it. People who
look ahead are respected.

The salesman who goes to his
prospect with this expectant mood
is sure of a good hearing and his
chances for an order far out-weigh
that of one who is afraid he may
not get that order. And here is a
point to bear in mind—this expect-
ant mood has an immediate effect
upon that prospective client. It's
catching! It is difficult to refuse the
salesman whose honesty, determina-
tion and enthusiasm for the thing
which he has to offer will take
nothing but a yes for an answer.

Why can't we all keep in this ex-
pectant mood? Why can't we all
keep re-enforcing our faith, building
up our hope, and trusting in our in-
telligence instead of our luck? It's
always success in the long run—or
the short run as well!

It takes a heap of courage to swim
against a popular tide, but there are
those who do it—and they win more
often than not — while the lesser
ones are swept out to sea and to
defeat. I knew Gene Tunney some
six months before he became cham-
pion boxer of the world. I was im-
pressed with his talk and said:
"Gene, you will be the next cham-
pion." His reply was: "I expect to
be!" And, of course he was. It was
no surprise to him.

Tomorrow Mr. Adams will talk on
the subject: "Out of Fashion."

CHILDHOOD CARES
It's chicken pox or measles or
trouble with the ears
Or some mishap of childhood,
with its attendant fears,
These follow one another, as
parents all deplore,
To keep them watching, praying,
to see a smile once more.

The doctor says: "It's nothing for
you to fret about.
But while the fever's running just
keep the playmates out." But
words like that are vain.
The mother's bound to worry, till
the smiles return again.

These cares are part of childhood.
The fevers come and go.
Such ills seem necessary, but why
we'll never know.
But when the fever's broken and
ended is the pain,
There comes that glorious
moment when smiles are
seen again.

TRAIN ROBBERY NOT PLANNED; BANDIT DYING

Washington, March 11 (AP)—One of two men who held up a crack passenger train on a spur-of-the-moment impulse and then tried to shoot it out with police when facing arrest was reported near death today.

Both were arrested yesterday in a pawnshop just six blocks from the White House 15 hours after the wild west style train robbery near Martinsburg, W. Va.

Police identified them as Luman Ramsdell, 23, now near death in a hospital, and George Llewellyn Ashton, 21, both of Youngstown, Ohio.

Ramsdell reached for his gun when police entered the pawnshop on famed Pennsylvania avenue and asked the two men to identify themselves.

But police shot first, and a copper-jacketed slug ripped through Ramsdell's chest two inches below his heart. His condition was termed critical early today.

Ashton, clad in a zoot-suit, quickly surrendered without resistance.

Fix High Bail
The Federal Bureau of Investigation has filed train robbery charges against both men. Ashton is being held under \$50,000 bond.

Both men readily admitted they yanked the Baltimore and Ohio's fast Ambassador express to a stop by pulling an emergency cord, robbed its 147 passengers and crew members at gunpoint, and later held up a nearby tavern.

When arrested here after an in-men had on them just \$663.82, although it was reported that an estimated \$1,500 to \$1,600 was taken from the train and about \$200 from the tavern.

However, Ashton insisted that all they got in the sensational robberies

was about \$575.

He made it clear that only the two of them were involved in the hold-up, and not the four estimated earlier by confused passengers and trainmen.

Robbery Not Planned
Ashton said the robbery was not planned.

"We were sitting in the club car and we got into an argument with the steward," he said. "It wasn't about our bill. That was \$16.15 and we had the money to pay for it."

"But we didn't like a drink he gave us. So we went back to our seats in one of the coaches and got our guns out of our suitcases. Then we came back to the club car and held up the steward."

"We didn't plan to hold up the rest of the train. That came on the spur of the moment. We didn't even ask each other about it. We just both started going right through the club car. Holding up the passengers. Then we went through the other cars."

If the men had planned a holdup, they might have chosen another train on the same route, the same day. It carried a shipment of several million dollars in currency.

WOULD LIMIT FISHING

Harrisburg, March 11 (AP)—A ban on virtually all fishing for a month in advance of the opening of the trout season April 15 is proposed in a bill offered in the Legislature. Reps. George A. Goodling (R-York) and George C. Shoemaker (R-Schuylkill), sponsors of the measure, said it was designed to protect trout and other fish stocked in advance of the season. The only fishing permitted would be in unposted waters.

MAKE DESPERATE BID FOR CITY RENT CONTROLS

Washington, March 11 (AP)—In a desperate bid to save rent controls for big cities and defense areas, the administration today promised to scrap rent ceilings in more than 100 rural and small city areas.

Rep. Patman (D-Tex.) announced the decontrol plan. At the same time he predicted "a wave of strikes" over the country, if Congress fails to continue rent controls for industrial areas where there are housing shortages.

"The workers simply cannot stand rent increases from 50 to 500 percent," Patman said.

Biggest Test For Truman
A vote to kill rent controls is a vote for strike.

The administration's move came as Republicans with the help of some Democrats threatened to take over the reins in the House and limit any rent control extension to only 90 days. It confronted President Truman with his biggest test of power in the new Congress.

Leaders called the House into session (at 10 a. m. EST) two hours

She flew up a flight of narrow stairs, turned a sharp curve and ended up in the hay mow.

Yesterday afternoon Kaufman solved his own problems. No experts. No grease. He called a couple of neighbors, rigged a block and tackle, swung Hot Shot through an outside door and lowered her to the ground. Last night Kaufman milked Hot Shot personally. The old fashioned grab and squeeze method.

Motorist Loses His "Head" And \$10 Fine

Camden, N. J., March 11 (AP)—Martin English, of Moorestown, N. J., was fined \$2 a finger yesterday for thumbing his nose at Patrolman Patrick Carr.

Carr told Police Judge John R. Dimona that English thumbed his nose at him after being reprimanded for striking a pedestrian.

English explained he had become angered and "lost my head."

"You are going to lose more than that," said Judge Dimona. "It will cost you \$10—or \$2 a finger."

earlier than usual, to set up a show-down vote by nightfall.

There are now 600 rent control areas. The heaviest attack on continuing controls comes from House members representing large rural areas. By lifting controls in many rural communities administration forces hope to pick up some votes for their rent bill.

The oil refinery at Abadan in Iran has a daily capacity of 490,000 barrels, and is thus the world's largest.

ROYALL ASSAILS RED 'DUPLICITY'

Washington, March 11 (AP)—Secretary of the Army Royall today accused Russia of duplicity and falsification. He called her blockade of Berlin a "day to day threat to the peace of the world."

Royall's discussion of foreign affairs, in plain-spoken, unvarnished words, was contained in his annual report on the status of the Army department. He used it as a preamble explanation of the burdensome occupation duty of the American army.

He reviewed what he called "Soviet intransigence," set down the record for attempts since 1945 to come to agreement with Russia, said that "from the beginning of the blockade and up to the present time that sit-

TEMPERMENTAL COWS TURN UP

Halstead, Kas., March 11 (AP)—Cows sure are getting temperamental these days, aren't they?

Ever since Grady got all that publicity about her silo sitting, the other cows have been running up stairs to suik.

Consider Hot Shot, Ray Kaufman's four-year-old Jersey. She doesn't like new-fangled ideas. She objects to milking machines. She protested vehemently Wednesday when Kaufman put the udder attachment on her. But she submitted under pressure.

Yesterday morning was different. When bossy saw the boss coming with the milking machine she bolted.

PEACE SAFER WITH STALIN THAN OTHERS

By DEWITT MACKENZIE
(AP) Foreign Affairs Analyst

A Florida reader of this column asks whether a change in the supreme leadership of Soviet Russia might improve the chances of world peace. My correspondent presumably has in mind a substitute for Marshal Stalin as head of the Communist regime.

The answer, from my viewpoint, is definitely "no."

Of course there will have to be a change of leadership in due course on the basis that Stalin isn't immortal. Recognition of this is seen in the current speculation about the possibility that Vyacheslav Molotov is even now being groomed to take over some or all of the marshal's duties.

However, no new leadership is going to better the chances of peace. As a matter of fact peace likely is safer in Stalin's hands than it would be in any others.

Would Avoid War

Why? Well, because Moscow obviously wants to avoid another world war right away and Stalin, as the most powerful figure in Russia, is most capable of keeping the lid clamped on. At least he is the most capable so long as his health and age permit.

My viewpoint is based on this fact: The Red goal is defined and immutable. Communism has declared itself for world revolution to overthrow all other forms of government.

Communist leaders may come and they may go, but the Red creed will not change so long as the ism lives. The creed demands that the revolution be pushed as hard as feasible. Of course there will be changes in tactics as circumstances change, but the basic policy won't change.

Beliefs Unchangeable

That policy represents the beliefs of Lenin, Stalin and all the other leaders of Bolshevism. You might as well talk about altering the fundamental principles of a religion.

Under Stalin's leadership the world revolution has been pushed to the extreme limit. Indeed under any less astute guidance the pot might have boiled over long before this.

Who in Russia decides what tactics are "short of war?"

Perhaps they may be decided by

20 NATIONAL

(Continued From Page 1)

Elles M. Derby, president of Lambda Chi Alpha fraternity, will be the main speaker at the annual get-together in the Eddie Plank gymnasium this evening at 8:00 o'clock. Dr. Henry W. A. Hanson, president of Gettysburg college, will give the welcoming address followed by the introduction of national

the powerful Politburo comprising the chief Soviet leaders. However, the "governor" on that machine is Stalin. His word is law. Upon him more than on any other man or group of men depends the judgment of what is "short of war."

So this column concludes that finding a substitute for Stalin not only isn't going to better the chances of peace but might weaken them.

ternity officers by Dr. G. Lisle Beers, president of Gettysburg Interfraternity alumni conference. After the address by Mr. Derby, songs and skits will be presented by each fraternity. The presentation of interfraternity trophies by Daniel W. Baker, president of the undergraduate interfraternity council will conclude the program.

Initiations Saturday

Dr. Park, national education adviser of Alpha Tau Omega, will address the members of the Gettysburg Alumni Interfraternity conference Saturday noon at a luncheon open to all alumni fraternity members. Chapter initiations will take place Saturday afternoon, and traditional chapter dinners are scheduled for Saturday evening.

Dr. D. Montfort Melchior, head of secondary education, Girard college, will speak at the interfraternity chapel service Sunday morning at

10:30 o'clock. Dr. Melchior is a graduate of Gettysburg high school and Gettysburg college. The interfraternity choir will sing several selections.

More than 60 fraternity men are expected from the nearby colleges of Dickinson, Johns Hopkins, Bucknell, Franklin and Marshall, University of Maryland, George Washington, Lehigh, Drexel, Lafayette, Western Maryland and Muhlenberg.

Dinner Conferences

Dinner conferences scheduled for this evening are: Alpha Tau Omega, "Fraternity Committee," with Robert H. Fyling as chairman; Kappa Delta Rho, "National Publications," with Angel Franco as chairman; Lambda Chi Alpha, "House Mother Relationship," with John R. Roberts, chairman; Phi Gamma Delta, "Rushing," J. Blaine Saltzer, chairman; Phi Delta Theta, "Chapter Finance," Earl E. Ziegler, chairman;

Phi Kappa Psi, "Scholarship," Rev. Wallace E. Fisher, chairman; Phi Sigma Kappa, "Chapter Hospitality," Dr. William C. Waltemyer, chairman; Sigma Alpha Epsilon, "Alumni Relations," Lester O. Johnson, chairman; Sigma Chi, "Interfraternity Competition," Dr. Frank Kramer, chairman, and Tau Kappa Epsilon, "Sportsmanship Between Fraternities," Dr. William K. Sundermeyer, chairman.

The committee in charge of the week-end includes Daniel W. Baker and Dr. G. Lisle Beers, co-chairmen; Dr. Kenneth L. Smoke, coordinator; Lawrence Johnson and Dr. Frank H. Kramer, dinner con-

ference; Jack H. Viets, Sigma Chi and Robert H. Fyling, gym get-together; M. Harvey Taylor and C. Samuel Daley, pledge dinner; Frederick P. Haehnle, Jr., and M. P. Hartzell, Jr., public relations, and Edwin T. Johnson, and the Rev. Robert B. Rau, Sunday chapel service.

Harrisburg, March 11 (AP) — The State Civil Service Commission said today it will conduct examinations in nine Pennsylvania cities on April 23 for applicants after 200 jobs with the Department of Public Assistance.

Examinations are for the post of

visitor and senior visitor, with salary ranges from \$2,140 to \$2,496, and \$2,496 to \$2,820 respectively.

Its Only Master is the
Person at Its Wheel!

The 1949 CADILLAC, powered by its great new V-type, high-compression engine—knows no counterpart for over-all brilliance of performance.

From the standpoint of ability, smoothness and quickness of acceleration—it is a never-ending challenge to the imagination. Yet, in the hands of the person at its wheel, the 1949 Cadillac is as docile as a kitten!

Never before has a car so dynamic been under such certain and easy control. The big, powerful hydraulic brakes are completely dominant—yet they are as soft to the pedal as sponge rubber. A touch from the daintiest foot—and the car settles down to a quick and easy stop. A touch on the accelerator, and it moves quickly into any position its driver wishes to occupy. The big, slender steering wheel is feather-light in the hand—and quick and positive in its action.

Yes, the driver is boss in a Cadillac—and his word is unquestioned!

It's a great thrill to take command of such a car—as hundreds are learning every day. Why not come in and see for yourself? Regardless of the price class from which you expect your next car to come, you ought to be familiar with Cadillac. It is the final yardstick for measuring motor cars.

White sidewall tires available at additional cost.

dollars to be raised will be used to finance seasonal canning operations, build inventory and make any necessary additions or alterations to the various plants. It is currently planned to can apples, apple sauce, apple butter, apple juice, vinegar and apple base jellies. It is estimated that up to 2,500,000 bushels of apples may be handled during the 1949 season.

In addition to apple products, the co-op will also can cherries and tomato juice. In its first meeting after incorporation the board of directors authorized the management to proceed immediately with plans for contracting tomato acreage for the coming season.

Under the marketing agreement that will be signed by the co-operative and the farmers, the growers will be paid the going market price for any products delivered and

accepted. The patronage dividend resulting from profits on operation will be distributed periodically on the basis of the amount of fruit delivered by each member. Growers are not required to deliver all, or any stated part of their crop to the association. But only those who transact some business every year will remain eligible to ownership of voting stock.

The final organization of Penn-MarVa represents the culmination of months of effort on the part of growers through the entire Appalachian area. In thanking those who had worked with him, and expressing his confidence in the future of the enterprise, M. E. Knouse said: "We are doing this the hard way, paying for it as we go, with our own money, instead of relying primarily on borrowing. All of the plants to be acquired are profitable going concerns that have financed their expansion largely out of profits on the same kind of business that we are undertaking."

“Axis Sally” Guilty Of Treason, May Not Learn Penalty For Week Or More

HER ATTORNEY PLANS TO MOVE FOR NEW TRIAL

By KARL R. BAUMAN
Washington, March 11 (AP)—Mildred E. (Axis Sally) Gillars was convicted of treason yesterday but her punishment probably won't be known for a week or more.
A mixed jury found her guilty of broadcasting propaganda for the wartime German radio.
The maximum possible sentence is death in the electric chair; the minimum, five years in prison, a \$10,000 fine and loss of her American citizenship.
Not Through Fighting
Even in advance of sentencing, Miss Gillars' attorney served notice that he is not through fighting.
His first step, said James J. Laughlin, will be to file a motion asking Federal Judge Edward M. Curran to set aside the verdict and order a new trial. Laughlin has five days in which to take this action. If his motion is denied, Laughlin said reporters, he will carry the case to higher courts.
Miss Gillars, 48, who tearfully swore from the witness stand that she always loved this country and never intended to betray it, heard the verdict without visible emotion.
Jury Poled
Attired in the same black dress she had worn almost every day of the long trial (it started Jan. 24), Miss Gillars stood grimly erect as the jury filed in at 4:53 p. m. yesterday.
Her expression did not seem to change when the foreman, Henry G. Davis, Jr., said in a low voice that the jury had found her guilty, thus rejecting her story that she was forced to do propaganda work for the Nazis.
Then, at Laughlin's request, each juror was asked separately how he voted. In turn, the seven men and five women said "guilty." All the jurors looked solemn and some answered in a voice so low as to be almost inaudible.
Sister Weeps
The entire conviction proceeding, once it got under way, took only a few minutes. White-haired Judge Curran, like Miss Gillars a native of Maine, took the bench at 4:50 p. m. Marshals brought Miss Gillars in 10 minutes later, and the jury entered a minute after that.
When the polling of the jury had

Mildred Gillars, "Axis Sally" of German wartime propaganda fame, holds her head high as she hurries from U. S. District Court in Washington after being found guilty of treason. The maximum penalty for treason is death. The minimum is five years in prison and a fine of \$10,000.—(AP Wirephoto)

ended, a marshal pulled on Miss Gillars' chair as a signal to go. She took quick, soft steps, once turning sideways to look at her half-sister, Mrs. Edna Mae Herrick of Conneaut, Ohio. She looked as long as she could but her expression did not change.
Tears rolled down Mrs. Herrick's cheeks. A paper cup slipped from her hand, spilling water on her tan suit.
"I don't see how they will be able to sleep," she said of the jurors. Her husband, Edward R. Herrick, led her from the courtroom.
Interview Cut Short
Miss Gillars first was taken to a small lock-up in the courthouse basement. She paced nervously smoking a cigarette down to a stub. A reporter made his way through the crowd to the cell block and asked her comment on the verdict.
"I wish those who judged me would be willing to risk their lives for America as I did," she replied. Miss Gillars seemed willing—maybe anxious—to talk more, but a marshal ended that.
A few minutes later, surrounded by marshals, she was taken to a small black patrol wagon for the trip back to the district jail.
"Well, it looks like the reporters are going to take your picture again, Sally," one of the marshals remarked.
"I wouldn't be surprised," she said, bitterly.

UNPRECEDENTED CHURCH CONFAB BEING PROPOSED

By CHARLES MERCER
Cleveland, March 11 (AP)—A proposal for an unprecedented conference on religious liberty between top Protestant world leaders and the Vatican comes before representatives of 35,000,000 American Protestants today.
Consideration of the plan is expected near the close of a four-day conference on Christian influences in international affairs. Sponsoring the meeting is the Department of International Justice and Good Will of the Federal Council of Churches of Christ in America.
The plan was conceived, a resolution said, because "recent actions of the Hungarian government leading to the conviction of Cardinal Mindszenty and (Lutheran) Bishop Ordass have shocked the conscience of freedom-loving men all over the world."
Doubt Agreement
Action was postponed last night after lengthy debate.
Some delegates approached the question of conferring with the Vatican gingerly, they said, because they are dubious about reaching agreement on definitions of religious liberty.
The resolution said the conference was needed "in order that clear understanding be reached as to what each (Protestant and Catholic faiths) means by religious liberty for all men, everywhere and under every form of government, and as to the methods whereby the full observance thereof should be sought."
"Illusion of Security"
The statement on the Russian situation said:
"War with Soviet Russia is not inevitable. Contradictory ideologies can coexist without armed conflict, if propagated by methods of tolerance. We must maintain sufficient strength to convince Soviet Russia that attempts to impose an ideology by force cannot succeed. We must demonstrate that a non-aggressive Soviet Russia has nothing to fear from a democratic America."
An appended statement by delegates who objected to that paragraph said an "attempt temporarily to maintain the huge military force adequate to balance Russian military

Thief Washes Dishes, Leaves Note, Locks Up

Coatesville, Pa., March 11 (AP)—Mrs. Roland P. Trask came home from church and found this note:
"Thanks for the lovely breakfast. I washed the dishes, you dry them." She doesn't know who wrote it, however.
To read it she had to summon her husband from work and get the aid of police.
All the doors of the house were locked yesterday when she returned. Police went in through the cellar window and admitted the Trasks. The message was left on the dining room table. Mrs. Trask said nothing had been taken from the house.

Abbottstown—Mr. and Mrs. Blaine Wildasin announce the birth of a daughter Wednesday, at the Hanover hospital. Mrs. Wildasin was Miss Lorraine Leib before marriage. The fire truck was called to the wood land in the Pigeon Hills back of the Rickrode home to help extinguish a fire of unknown origin.

The blaze was brought under control after the fire had covered one-quarter of an acre.
Mr. and Mrs. Archie Leib entertained 50 friends and relatives Monday evening at a birthday party, in honor of their daughter Patsy, who observed her 16th birthday.
Mr. and Mrs. Fred Meckley and family were Sunday visitors at the home of Mr. and Mrs. Jacob Haar and Charles Meckley.

PENNSYLVANIA NEEDS EQUALITY WITH SURROUNDING STATES!

The Pennsylvania Trade Barrier

The above map shows the gross weight restrictions of Pennsylvania and surrounding states for tractor and tandem axle semi-trailers.

The following table gives the maximum weight allowances in pounds for tractor and single axle semi-trailers:

STATE	Tractor and Single Axle Semi-trailer
Pennsylvania	45,000
New York	52,800
New Jersey	60,000
Maryland	52,800
Ohio	44,000
Delaware	48,000
West Virginia	52,000

These restrictions mean that truck cargoes in Pennsylvania are limited to 25,000 pounds, because the unloaded weight of the vehicles is about 20,000 pounds. Meanwhile, surrounding states permit cargoes of 30,000 pounds and more on tractor and single axle semi-trailers, and 40,000-pound cargoes and more on tractor and tandem axle semi-trailers, which have an extra axle at the rear of the trailer.

These vehicles are no larger or heavier, in fact they are smaller, than others, such as the truck and full trailer combinations, which have been permitted to carry gross loads of 62,000 pounds on the highways of Pennsylvania for the past 20 years. However, they are more efficient and economical, have greater motive power to provide more uniform speeds, and better braking capacity to assure greater safety.

What Does It Mean to You?

Like a Chinese wall, the old restrictions are keeping new business out of Pennsylvania. Furthermore, when shippers in bordering states can transport 20 to 30% more cargo on a truck than Pennsylvania allows, that advantage makes Pennsylvania industry and agriculture lose markets.

In these days of marginal profits, transportation costs assume a new and vital importance. If the Pennsylvania manufacturer cannot meet New Jersey competition in a New York market, it's because the New Jersey competition can ship by trucks which carry 60,000-pound gross loads, while the Pennsylvania

truck is limited to a gross weight of 45,000 pounds.

A 30% margin means a lot! It loses money for Pittsburgh steel, for Central Pennsylvania fruits and vegetables, for Philadelphia dairy products and clothing. To you, Mr. and Mrs. Consumer, it means that everything you eat, wear and use costs more!

What Should Be Done About It?

HB-560, now being considered by the Pennsylvania Legislature, would modify Pennsylvania's horse and buggy truck law by increasing weights within the present maximums. It would permit 50,000 pounds gross on a tractor and single axle semi-trailer, instead of 45,000 pounds, and allow the tractor and tandem axle semi-trailer to carry the same gross weight as the truck and full trailer has been allowed to carry for the past 20 years, namely 62,000 pounds.

Passage of this bill would break the transportation bottleneck hampering Pennsylvania farmers and business men, and give them a fighting chance to survive in competition with those in surrounding states.

DON'T BET ON CIVIL RIGHTS BILL PASSING

By JAMES MARLOW
Washington, March 11 (AP)—Here's a brief ABC on the filibuster and other complicated doings in the Senate right now.
The President's civil rights program is at the heart of it. But the fight now isn't on the program itself. It's on the technicalities that may stand in the way of doing something about the program.
And if the Senate, maybe months from now, gets around to doing

something about the program itself, the present fight starts all over. That's why you'd better ask for odds if you're betting the civil rights program, or any part of it, will pass this year.
Cloture Rarely Used
First, the background, and then what's happening now.
There are two main steps in Senate consideration of a bill, like an anti-lynching bill. A motion to consider it, and then debate and vote on the bill itself.
There's an old Senate rule that when debate on a bill starts, there can be unlimited debate, or a filibuster, on it, unless—
Two-thirds of the Senate vote to limit debate. This is called imposing cloture. Because Senators usually want no limit on their freedom to talk endlessly, that two-third vote

is hard to get. A vote on a bill itself is much easier. That needs only a majority vote.
Barkley Changes Ruling
But a year ago when Senator Vandenberg, Republican of Michigan, was acting as President of the Senate, this question came up:
What about a motion to take up a bill? While cloture can be imposed on debate on a bill itself, can cloture be imposed at all on a filibuster against a motion to consider a bill. Vandenberg ruled "No," that there can be no limit on debate on a motion.
Last night Vice President Barkley, president of the Senate, ruled in effect that debate on a motion, just as on a bill, can be limited. The Senate was supposed to vote on Barkley's ruling late today.
If the Senate decided Barkley was wrong, that would about kill the civil rights program for this year. Why? No civil rights bill is ready to be brought up now. But suppose one is ready by next May. When a motion is made to bring it up, the southerners would be free to filibuster endlessly and prevent it's ever reaching the debating stage.
Much Time To Be Killed
But suppose the Senate upheld Barkley today. Then some more technical steps, all chewing up time, must be taken.
Then comes next May or June, when the Senate is rushing to get through for the year and its work is piled up. Say the Trumanites then

CHICAGO MAN TO RIDE ROCKET UP 25 MILES

Chicago, March 11 (AP)—Zoom! And straight up some 25 miles man will ride in a proposed rocket powered winged missile.
The rocket, says a Chicago researcher, will reach its peak almost at the limit of the earth's atmosphere. Then, he said, it will glide safely back to earth. It will be called the first "space" ship.
The man-carrying rocket is being developed by Eugene A. Maynor, veteran rocketeer and chemical and mechanical engineer. Plans for development and launching of the winged rocket were disclosed by Maynor to a war veterans group last night.
Expects 1,400 m.p.h.
He said his rocket ship should reach a speed of 1,400 miles an hour on its upward flight, under impetus of 80 seconds of power. It should continue upward for another 60 seconds at 700 mph, indicating a possible maximum altitude of between 30 and 36 miles.
After the fuel is exhausted and its speed slower, Maynor said, the rocket will become a fully controllable glider. The pilot could disengage the rocket motors and glide down to a landing at a speed of 46 miles an hour.
Plans Lake Take-Off
The missile will be built of stainless steel, he said. The main body will be a tube about 30 feet long and three feet in diameter, devoted mainly to tanks for 6,000 pounds of nitric acid and furfuryl alcohol,

Weather Forecast

Extended weather forecast for the period Friday, March 11 through Wednesday, March 16:
Eastern Pennsylvania, eastern New York and Mid Atlantic states: Temperature will average somewhat below normal with the present cold snap lasting into Sunday, followed by warmer but turning colder again by Wednesday; rain in south and rain or snow northern section about Monday, otherwise mostly fair. Total amount of precipitation one-half inch.
Western Pennsylvania, Ohio and West Virginia: Temperature will average near or a little below normal, with the present cold snap moderating Sunday and warmer Monday, but turning colder again on Tuesday or by Wednesday; rain or snow about the first of the week, otherwise fair weather. Total amount of precipitation about one-half inch.

Harrisburg, March 11 (AP)—The state yesterday awarded at \$51,935 contract for improvement to the sanitary disposal plant at the Warren state hospital, Warren county, to the Keystone Construction company, Meadville.

The fuel for the craft, it will have a wing span of 24 feet. A pilot's compartment and storage space for the scientific instruments will be in the nose of the tube.
Present plans, he told the veterans group, call for a series of "shoots" from a barge in Lake Michigan.

Maynor, who has experimented with rockets for more than 20 years, was engaged in rocket experiments with the Navy and Army ordnance officials in World War II.

Littlestown News CHURCH GROUP HOLDS MEETING

Mrs. Fred Hartlaub, Gettysburg R. 5, was hostess to the March meeting of the Ladies' Aid society of St. Luke's church, White Hall, on Wednesday evening. Mrs. John H. Hartlaub, president, was in charge of the meeting which opened with prayer by Mrs. John C. Brumbach. Miss Betty Hartlaub presented the secretary's report. Mrs. C. M. Sentz, Jr., read the scripture lesson. Miss Ruth Hofe presented the treasurer's report.

The society voted a contribution of \$10 to Lutheran World Action and a contribution of \$10 to the World Service of the Reformed church. Thank you notes were read from Mrs. Charles Weikert, chairman of the March of Dimes drive in Littlestown for the society's contribution to the fund.

A guess package given by Mrs. Robert Gladhill was received by Eileen Hartlaub. The following program was presented in charge of Mrs. Fred Hartlaub: Recitation, "March," by Barbara Sentz; reading, "The Wind," by Mary Flickinger. Games were won by Mrs. Parr Breighner, Velma Flickinger and

STEEL MAKERS FEAR LETDOWN

New York, March 11 (AP)—Steel-makers who have pushed output to an all-time high have their fingers crossed on how long they can keep it there.
They wonder if their customers will sell enough automobiles, trucks, freight cars, stoves, refrigerators, washing machines or tin cans to keep order books filled.
Steel men are sure their mills can set even higher records. What they fear is that work cutbacks by steel users may leave open spots on mill schedules.
Current demand still is strong enough to justify this week's record of 1,869,300 tons of ingots and castings.
Completing eight weeks of operations at 100 per cent or more of rated capacity, the industry by this Saturday will have turned out 19,104,700 tons since Jan. 1, the American Iron and Steel Institute estimates.

Delivers Fifth Sermon In Series

"Home is the heart of the universe and the fortification of society," the Rev. Fr. Cornelius McArdle, Pittsburg, a passionate priest said on Thursday night in St. Aloysius Catholic church, Littlestown, in his fifth sermon in the mission being conducted in the church. He discussed the respect and appreciation a child should show to his parents. He also discussed the necessary preparation for the Sacrament of Matrimony and the duties and responsibilities of marriage. The pastor, the Rev. Fr. George A. Lavelle, led in the Rosary at the beginning of the service and was celebrant in the Benediction of the Blessed Sacrament. The sixth of these services will be held tonight at 7:30 o'clock.

are ready to bring up a civil rights bill and make a motion to do so. The southerners promptly would filibuster against the motion. Suppose finally—in view of Barkley's ruling yesterday—the rest of the Senate imposes cloture by a two-thirds vote on a filibuster against the motion. That would be only one defeat for the southerners.
The moment, then, that the bill itself comes up for debate, the southerners could start filibustering against the bill itself, even though they lost the filibuster against the motion to bring it up.

GOP SENATORS PLAN TO BEAT TAX FILIBUSTER

Harrisburg, March 11 (AP)—Unhurried Republican Senators laid plans today to outlast a threatened Democratic filibuster on Gov. James H. Duff's \$438,000,000 tax program. Democrats promised a talkathon starting Monday unless a public hearing is called on a proposal to increase the gasoline tax from four to five cents.

"I want to see that they have all the time they need," said Sen. John W. Walker, GOP floor leader. He said day and night Senate sessions are planned starting next Monday.

Hearing Demanded
The threatened filibuster hinged on a decision by the Senate Highways committee on whether or not to hold the gas tax hearing demanded yesterday by Sens. William J. Lane (D-Fayette) and John M. Haluska (D-Cambria).

Walker disclosed Chairman John G. Snowden (R-Lycoming) told him he planned to poll the highways committee Monday morning on the question.

If the hearing request is turned down Lane and Haluska said they

choir rehearsal will follow the Lenten service.

would invoke a constitutional provision that requires full reading of all proposed laws. Since some measures are hundreds of pages in length, such a maneuver would stall the legislative machinery interminably.

In an initial move to cope with the Democratic filibuster threat, Walker called for a Senate session at 9:30 a. m. Monday, Monday sessions usually start at 4 p. m. Tuesday's session, he added, would start at 6 a. m., recess at noon for lunch and continue until 5 p. m.

"Then we will return for another session at night," the GOP leader added. "They also want to talk about the soft drink tax and we'll give them that opportunity, too."

At the same time, Sen. John H. Dief, minority floor leader, said the Democratic bloc of 15 Senators planned to hold a public hearing of its own on Tuesday. "I believe this bill deserves more of the sunlight of truth than has been cast upon it," said Dief.

A filibuster would hold up action on the tax program and companion legislation creating state borrowing powers for a \$187,000,000 construction program. They are in the debating stage on the Senate agenda.

GETS DEATH FOR WRECKING TRAIN

Norristown, Pa., March 11 (AP)—A jury of five men and seven women deliberated two hours and 42 minutes before convicting 36-year-old James M. Johnson of first degree murder in the derailment of a Reading company local train at Valley Forge last May 9.

The jury fixed death in the electric chair as the penalty to be paid by the itinerant laborer from Pocomoke City, Md.

Two Allentown, Pa., railroaders lost their lives when the Allentown-Philadelphia local was derailed near the Washington memorial chapel at Valley Forge. They were Buch I. Demmy, Jr., the engineer, and

Howard R. Jackson, his fireman. Other trainmen and passengers were shaken but otherwise uninjured.

Prosecutor E. Arnold Forrest had demanded the death penalty, describing Johnson as a man "with such a depraved conscience that he is not a proper member of society and should be removed therefrom." Johnson made two confessions that he and two companions wrecked the Reading company train so they could rifle the pockets of the dead and injured. During the

trial, however, he repudiated these statements and declared he was in and around Pocomoke City the night of the wreck.

Johnson previously was sentenced to 10 years and 20 lashes in the New Castle, Del., workhouse for

trying to wreck a Pennsylvania railroad express in November, 1940. Only seven kicks were blocked last season in the All-American Conference and the Los Angeles Dodgers were victimized three times.

MINUTES MULTIPLIED

If you make 12 trips each month to different offices to pay bills, that is 144 trips a year. Only 15 minutes for each trip totals 2,160 minutes, which is 36 hours—or several full working days.

Pay bills in a fraction of this time by mailing bank checks. No need for special trips on busy days or in all kinds of weather. If you value your time, you will value a Checking Account here all the more. Making the most of minutes gives more hours for other things.

Pay by check for greater convenience—and to have the protection of written records.

LEGION WOMEN VOTE DONATIONS

Mrs. James Fager, president, was in charge of the monthly meeting of the Ladies' Auxiliary of the Ocker-Snyder Post No. 321, American Legion, held in the post home, East King street, on Wednesday evening. There were 26 members and two visitors in attendance. The following contributions were voted: Heart association, \$5; Red Cross, \$5; Grandstand at the Coatesville hospital, \$5; state poppy program, \$10 and Council Day, \$2.

Mrs. J. Ray Reindollar gave a report of the four-county council meeting which was held in Redeemer's Reformed church on March 3.

The Legislative committee urged every member to send a communication to their congressman, asking him to vote for Universal Military Training.

The next meeting will be held Wednesday, April 6, which is one week earlier than the regular meeting night. The change has been made because the regular meeting night falls in Holy Week. Hostesses for the April meeting will be: Mrs. Joseph Long, Mrs. George Hornberger, Mrs. Marvin Breighner and Mrs. Walter Keefer.

Following the meeting there was a hat social when the following received prizes: Prettiest hat, Mrs. F. J. Will; runner-up, Mrs. J. Ray Reindollar; and funniest hat, Mrs. George Dehoff. Mrs. Fager received a special prize for her hat. Refreshments were served by the following hostesses: Mrs. Wayne Arnold, Mrs. Lloyd Baker, Mrs. Roy Kehl and Mrs. Rose Shadle. L-TOWN

April 27 Is Date Of Sportsmen's Banquet

The 13th annual spring banquet of the Littlestown Fish and Game association will be held Wednesday, April 27, at 6:30 p. m. in the social hall of Redeemer's Reformed church. Charles W. Weikert, committee chairman, says, "The committee has been fortunate in being able to secure the Rev. Nevin E. Smith, pastor of Emmanuel Reformed church, Hanover, as guest speaker for the occasion." The committee also expects to have fishing pictures which will be secured from the Field and Stream publishing company. The first reel will be about trout fishing and the second will concern small-mouth-black bass.

Tickets for the banquet will be on sale in the near future. Redeemer's church can serve only 125 persons, so there will be only 125 tickets on sale. Mr. Weikert advises that tickets be purchased as soon as they are put on sale, so that there will be no last minute disappointments. The banquet committee consists of Charles W. Weikert, chairman, Dr. Richard M. Phreaner, Bernard Dillman, Edward Leister, Harry Strevig, Henry Storm, Harold Sparver, William Worley, Donald W. Feeser and Kenneth Olinger.

Those present were: Mrs. Jerry Jeffries, Mrs. Donald Lemmon, Mrs. H. Jacobs, Mrs. Alton Bowers and the guest of honor, Miss Rebert.

Community Gives \$819.81 To Red Cross

Red Cross receipts for Littlestown and vicinity to date amount to \$819.81. John H. Riley, who is co-chairman of the drive with Mrs. John Anderson said today, "We are still several hundred dollars short of our goal. Those who have not yet contributed are asked to do so as soon as possible so that the committee can close up the work."

Since the list of solicitors was published, Miss Lydia Sentz has been added as a solicitor. Her district is on East King street from the Square to Park avenue.

Contributions may be given or sent to Mrs. John Anderson, East King street, or to John H. Riley, Littlestown, R. 1.

SENATORS GET RADIO REPLIES

Washington, March 11 (AP)—Senators Myers and Martin of Pennsylvania have received an estimated 16,000 replies to a labor law questionnaire broadcast by Fulton Lewis, Jr.

had received about 10,000. On February 24 Lewis asked his Mutual broadcasting system listeners 19 questions concerning their views on labor-management legislation. He asked them to mark yes-or-no answers on cards and mail them to their Senators and Representatives. He then mailed his questions to all members of Congress. On February 28 he repeated his questions over the air.

The questions dealt with subjects ranging from the right to strike and injunctions to halt strikes to the closed shop and check-off of union dues. Myers said no attempt had been made by him to tabulate the response because he considered Lewis' questions "loaded" and because he didn't think much of polls in the first place. He said he felt that the wording of the questions was such as to persuade the average person to respond as favoring retention of the Taft-Hartley act. The kind of constituent mail he relies upon, Myers said, is the letter that outlines the individual's views.
